CURRICULUM DAY

A reminder that tomorrow, **Thursday November 10th** we will be holding a Curriculum Day. The focus of the day for staff will be on 'Engagement in Mathematics'. Students will not attend school on this day.

Foodshare will now take place on Friday afternoon.

COVID –19 COMMUNITY UPDATE

Although it is not required to share case-by-case data within the school community, we felt it important make everyone aware that there are still school community members testing positive on a frequent basis.

Based on advice from the Department of Health, it is strongly recommended that students:

- who test positive to COVID-19 stay home and isolate for 5 days
- should not attend school after 5 days if still symptomatic
- who are symptomatic but have not tested positive should not attend school
- advise the school of the COVID-19 positive test result

CGPS BARBECUE

Thanks for the ongoing support of the Friday Fundraiser. We are going to pause for a few weeks (including this Friday) due to a number of events that are occurring and will make it difficult to run (Swimming, Athletics, 3-6 Camp). We look forward to having our BBQ return in December.

CGPS SWIMMING PROGRAM - November 14th—18th

Our annual swimming program is next week (14th until the 18th of November).

If you haven't already done so, please complete the link below. Permission forms have been sent home with children today, it is important to note that there is no cost to attend the swimming program for 2022. Funding from the Active Schools Grant and DET - 'Swimming in Schools' is supporting our school this year.

Could you please follow the link below to prefill your child/ren approximate level for swimming prior to the start of this program? FRESH FRUIT FRIDAY

Fruits and vegetables are high in vitamins, minerals and fibre. Kids should be encouraged to eat a variety of fruits and vegetables – there is a rainbow of colours to choose from – which provides a rich source of antioxidants, instead of sugary snacks and fast food, which are high in fat and sugar. The vitamins, minerals, fibre and antioxidants found in fruits and vegetables provide the following benefits:

- Promote good health and protect against disease, both now and in the future.
- To ensure the child's healthy growth and development.
- Strengthen a child's immune system and help fight illnesses. There is strong evidence to show that the nutrients found in fruits and vegetables can prevent chronic diseases such as cardiovascular diseases.

The high-fibre content can aid in the proper function of the digestive system and prevent constipation.

To assist our students to make better choices and eat more fruit we are supported by the McKern Foundation.

We would like to thank the McKern Foundation for providing fruit to our school each week, so we can support our student's health and wellbeing.
